

## Searching User

Thunder Client interface showing a successful GET request to `http://localhost:4000/api/users/search?email=sh`. The response is a JSON array of two user objects.

**Request:** GET `http://localhost:4000/api/users/search?email=sh`

**Response:** Status: 200 OK, Size: 888 Bytes, Time: 394 ms

```
1 {
2   "total": 3,
3   "users": [
4     {
5       "id": 4,
6       "email": "shirley@email.com",
7       "title": "Ms.",
8       "firstName": "Shirley",
9       "lastName": "Del",
10      "role": "Admin",
11      "status": "Active",
12      "dateCreated": "2024-09-05T00:23:55.000Z",
13      "dateLastLoggedIn": "2024-09-03T00:15:06.000Z",
14      "createdAt": "2024-09-04T18:39:44.000Z",
15      "updatedAt": "2024-09-04T18:39:44.000Z"
16     },
17     {
18       "id": 5,
19       "email": "shirleys@email.com",
20       "title": "Ms.",
21       "firstName": "Shirley",
22       "lastName": "Del",
23       "role": "Admin",
24       "status": "Active",
25       "dateCreated": "2024-09-05T00:23:55.000Z",
26       "dateLastLoggedIn": "2024-09-03T00:15:06.000Z",
27       "createdAt": "2024-09-04T18:44:48.000Z",
28       "updatedAt": "2024-09-04T18:44:48.000Z"
29     }
30   ]
31 }
```

## Activity Logging

Thunder Client interface showing a successful GET request to `http://localhost:4000/api/users/1/activity`. The response is a JSON array of two activity log objects.

**Request:** GET `http://localhost:4000/api/users/1/activity`

**Response:** Status: 200 OK, Size: 425 Bytes, Time: 216 ms

```
1 [
2   {
3     "id": 1,
4     "userId": 1,
5     "actionType": "login",
6     "timestamp": "2024-09-16T11:51:51.000Z",
7     "ipAddress": "192.168.1.1",
8     "browserInfo": "Mozilla/5.0",
9     "createdAt": "2024-09-16T11:51:51.000Z",
10    "updatedAt": "2024-09-16T11:51:51.000Z"
11  },
12  {
13    "id": 2,
14    "userId": 1,
15    "actionType": "login",
16    "timestamp": "2024-09-16T11:55:02.000Z",
17    "ipAddress": "192.168.1.1",
18    "browserInfo": "Mozilla/5.0",
19    "createdAt": "2024-09-16T11:55:02.000Z",
20    "updatedAt": "2024-09-16T11:55:02.000Z"
21  }
22 ]
```

## Preference Settings

The screenshot displays the Thunder Client interface with a REST client request and its response.

**Request Details:**

- Method:** PUT
- URL:** http://localhost:5000/api/users/1/preferences
- Body:** JSON Content

```
1 {
2   "themeColor": "dark",
3   "emailNotifications": true,
4   "language": "en"
5 }
6
```

**Response Details:**

- Status:** 200 OK
- Size:** 33 Bytes
- Time:** 442 ms

**Response Body:**

```
1 {
2   "message": "Preferences updated"
3 }
```

The interface includes a sidebar with an 'Activity' tab showing a list of recent requests, a top toolbar with 'File', 'Edit', 'Selection', 'View', 'Go', 'Run', and a search bar, and a bottom status bar showing 'master\*' and connection status.
